

PROGRAMME
AvH UK Annual Research Symposium 2020
18 September 2020
[Held online]

Due to the restrictions on holding a physical meeting as a result of the COVID-19 situation, we organised a virtual meeting using Zoom video-conferencing:

14.00-15.00 *First Brian Ketterer Lecture*

Professor Martin Maiden (University of Oxford)

'Why are pandemics still a problem in the 21st Century?'

15.00-16.00 Annual General Meeting of the Association

16.00-17.00 *Second Brian Ketterer Lecture*

Professor Stephanie Bird (University College London)

'Perpetration under National Socialism and the ethics of representation'

The event was very successful with many Humboldtians joining us for two fascinating talks from Professor Maiden and Professor Bird, which stimulated much discussion.

We would like to thank them both - it is just a shame that we weren't able to carry on into a reception as usual!

We hope that we will be able to see you all in person next year!
